

# Latch Driver & Feedback connector

Latch driver and feedback connector  
for solenoid valves GEM-SOL series

## Technical Data

Power supply	12 ~ 24V DC $\pm 10\%$
Temperature range	-20°C to 80°C
Maximum output current	2 A
Connector cable	4 wires, 1m long <b>Red</b> : Power supply (+) 12~24V DC <b>Black</b> : Common ground (-) <b>White</b> : Control input signal : <ul style="list-style-type: none"><li>• Valve open (9~24V DC)</li><li>• Valve close (0V)</li></ul> <b>Green</b> : Feedback output signal : <ul style="list-style-type: none"><li>• Valve open (12~24V DC)</li><li>• Valve close (0V)</li></ul>
Feedback signal response time	500 ms
Connector package	DIN 43650
Standard protection class	IP65
